CAREER OBJECTIVE

To secure an entry-level position in the technology field where I can apply my programming skills, knowledge of data structures and algorithms, and problem-solving ability while continuously learning new technologies and contributing effectively to organizational growth.

ACADEMIC DETAILS :

Qualification	Organization	University	Percentage/CGPA
B.Tech (CSE) -Pursuing (3rd Year)	Anurag university, Hyderabad	Anurag university	CGPA:8.07
Intermediate/12th Grade	Resonance Junior College Warangal	Board of Intermediate Education	Percentage :84.8% 2021-2023
SSC/10th Grade	SR PRIME SCHOOL, Warangal	Central Board of Secondary Education	Percentage: 76% 2019 – 2020

PROJECTS:

Portfolio Website | React.js, Tailwind CSS, Framer Motion

Live Demo:

https://agent-6a0f39042f0e27892a42a1--harsha-portfolio62.netlify.app/?utm_source=chatgpt.com

- Developed a responsive personal portfolio website using React.js, Tailwind CSS, and Framer Motion.
- Implemented a modern AI-inspired UI with glassmorphism effects, gradient themes, and smooth animations.
- Built reusable React components for Hero, About, Skills, Certifications, Resume, and Contact sections.
- Added interactive features including dark/light mode, typing animation, scroll-reveal effects, and animated background particles.
- Optimized the website for mobile, tablet, and desktop devices with SEO-friendly structure and performance-focused design.

- Deployed the application using Netlify/Vercel with modern frontend development practices.
-

EXTRA-CURRICULAR ACTIVITIES

- **Cloud Club – Event Organizer**
 - Organized and coordinated technical events, improving leadership, communication, and teamwork skills.
-

ACHIEVEMENTS

- Secured **Runner-up** position in **Tech Xcelerate** by presenting innovative technical solutions.
 - Participated in **Tech Hack**, demonstrating collaborative coding and problem-solving abilities.
 - Attended technical workshops by **ACM Chapter and MongoDB**, gaining exposure to modern tools and practices.
-

CERTIFICATIONS

- **Google** – Generative AI
 - **Infosys** – Python Programming, C Programming, RDBMS & SQL, Python for Data Analysis (Pandas & NumPy)
 - **MongoDB** – MongoDB Basics
 - **Udemy** – RDBMS & SQL
-

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Java, Python
 - **Web Technologies:** HTML
 - **Data Structures & Algorithms:** Strong foundation in C, C++, Java, and Python
 - **Operating Systems & Tools:** Linux (basic commands, shell navigation, scripting familiarity)
 - **Machine Learning:** Fundamentals of ML concepts and algorithms
 - **Data Structures & Algorithms:** Solved 350+ problems on arrays, strings, recursion, trees, and graphs
 - **AWS cloud :** Fundamentals of concepts
-

STRENGTHS

- Strong willingness to learn new technologies
- Quick learner with adaptability to new environments
